

# Block-and-bleed valve IV202

2-valve manifold - Square form in-line

Design female x female connection

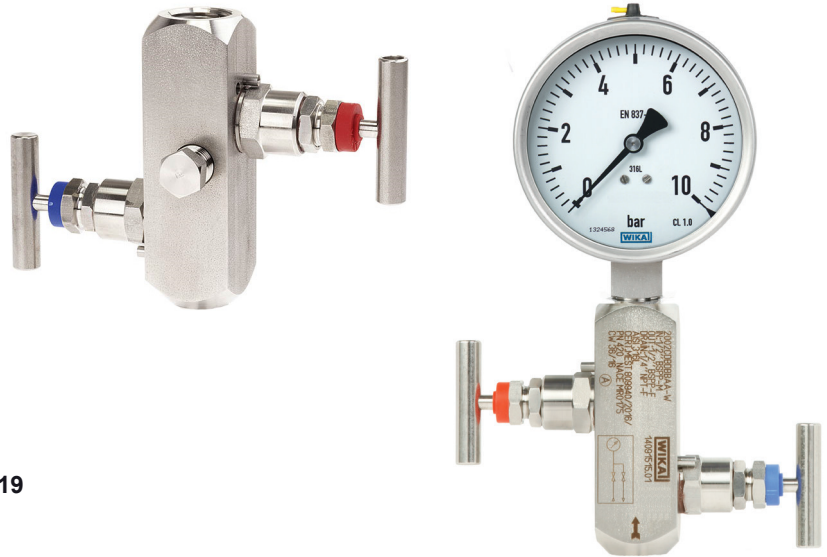

E 09.16.01

Ed.22.01

## IV202

Block-and-bleed valve 2-valve manifold  
Square form in-line  
Connection female x female

Material body stainless steel 316L  
Without mounting bracket hole  
Material packing PTFE  
Nominal pressure: 6000 psi / 420 bar  
With vent connection  
NACE Sour Gas Service  
Inspection certificate 3.1 EN 10204  
all wetted parts material

For more information: [WIKA Datasheet AC 09.19](#)

## Standard items

Item	Instrument side	Process side	Vent connection	Packing
48760435	G1/2 female	G1/2 female	G1/4 female with plug	PTFE
81640809	1/4 NPT female	1/4 NPT female	1/4 NPT female with plug	PTFE
14275402	1/2 NPT female	1/2 NPT female	1/4 NPT female with plug	PTFE
68157421	1/2 NPT female	1/2 NPT female	1/4 NPT female with plug	Graphite

## Items in special design

Item	Instrument side	Process side	Vent connection	Special design
46962323	1/2 NPT female	1/2 NPT female	1/4 NPT female with plug	PN 10000 psi / 689 bar
46958460	1/2 NPT female	1/2 NPT female	1/4 NPT female with plug	Body Monel 400 - 2.4360
14558025	1/2 NPT female	1/2 NPT female	1/4 NPT female with plug	Packing TA-Luft/ISO15848-1
