Well-established supplier: Since its inception in 1948, the company has been a well-established supplier on the Swedish market with sales offices in Gothenburg and Uppsala. We have technically knowledgeable and experienced sales staff as well as an organization with a high level of service for order handling and delivery. We have been a representative in Sweden since 1970 for WIKA Alexander Wiegand and KSR Kuebler which is a leading manufacturer of products for pressure, temperature and calibration. We work together with both smaller and larger customers in all types of markets and handle customer-specific project orders with extensive documentation.
